4 Upload photo list

1. First Time Opening the App

- 1 Open Ishi Grocery Delivery.
- 2 Wait for the splash screen to finish loading.
- 3 Read the onboarding screens: trusted local shops, photo list upload, and cash on delivery.
- 4 Tap Next to move through the screens.
- 5 On the last onboarding screen, tap Get started.

After onboarding, the app opens the login screen.

2. Create a New Account

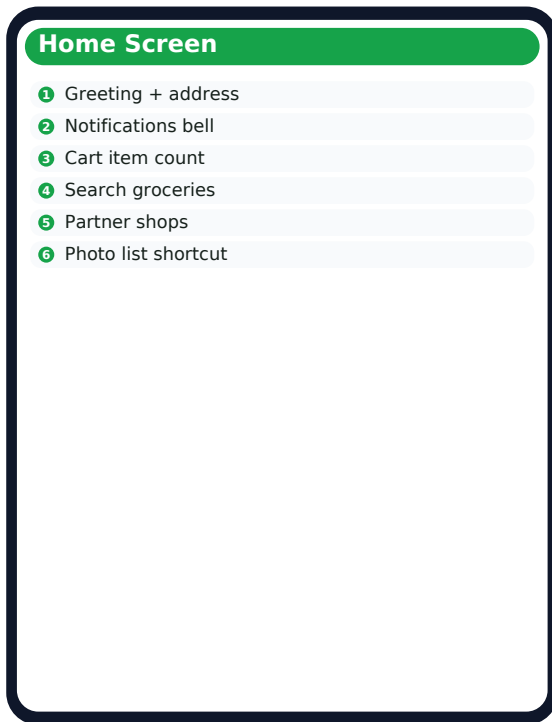

- 1 On the login screen, tap Create account.
- 2 Enter your Full name.
- 3 Enter your Sri Lankan mobile number using the 9 digits after +94. The number must start with 7. Example: 77XXXXXXX.
- 4 Enter your Delivery address.
- 5 Enter a password of at least 6 characters.
- 6 Enter the same password again in Confirm password.
- 7 Tap Create account.

3. Login and Forgot Password

Login	Forgot Password
• Open the app. • Enter your Sri Lankan mobile number. • Enter your password. • Tap Login.	• Tap Forgot password? • Enter your registered mobile number. • Tap Request reset. • Check approval until approved. • Enter and confirm new password. • Tap Update password.

4. Customer Home Screen

The home screen is the customer's main shopping dashboard. It is designed to quickly show shopping options, address information, cart access, search, shops, categories, and fresh products.

Home screen includes:

- Greeting and saved delivery address.
- Notifications bell for order and support updates.
- Cart icon with current item count.
- Search box for groceries, shops, and categories.
- Partner shops shortcut.
- Photo list shortcut.
- Product categories and Fresh picks.

Bottom navigation:

- Home
- Orders
- Support
- Profile

5. Browse Partner Shops

- 1 From the home screen, tap Partner shops.
- 2 Choose a shop from the list.
- 3 View products available from that shop.
- 4 Tap any product to view details.
- 5 Tap Add or Add to cart to add available products.

If no active shops are shown, tap Browse catalog to view products from the full catalog.

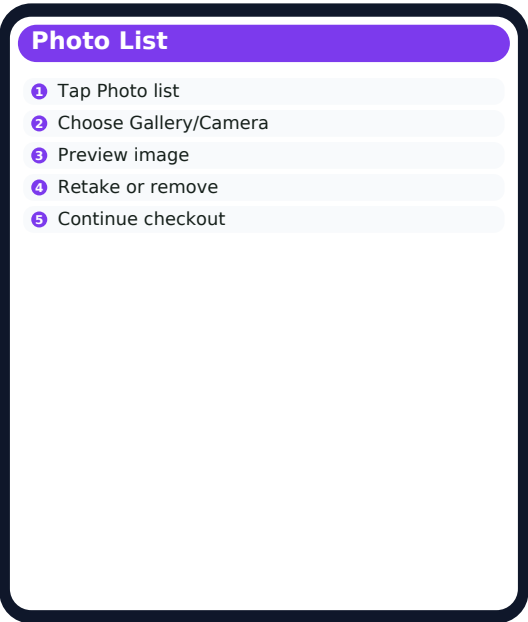

6. Browse Products and Product Details

Customers can open products from search, categories, Fresh picks, partner shops, or the cart empty-state Browse products button.

Product List	Product Card Shows	Product Details
• Use Search products. • Tap clear icon to remove search. • Tap Add to cart directly. • Tap card for full details.	• Product image. • Category. • Availability. • Shop name. • Price and unit.	• Product image. • Availability. • Name and category. • Shop name. • Price per unit. • Description.

Unavailable products cannot be added to the cart.

7. Upload a Shopping List Photo

Use this when you want to send a grocery list photo instead of choosing every item from the catalog.

- 1 From the home screen, tap Photo list.
- 2 Tap Choose photo to select from gallery or Camera to take a new photo.
- 3 Make sure the list photo is clear and readable.
- 4 After selecting, review the preview.
- 5 Use Gallery or Retake to change it, or Remove photo to delete it.
- 6 Tap Continue to checkout when ready.

Photo-list item prices are not included in the first estimated catalog subtotal. The team reviews the list and updates the final bill after review.

8. Cart

Open the cart from the cart icon at the top of the home or product screens.

- View cart summary and catalog subtotal.
- Increase item quantity with +.
- Decrease item quantity with -.
- Remove an item by decreasing quantity below 1.
- View an attached shopping list photo.
- Upload or change a bill/list photo.
- Tap Checkout when the cart or uploaded list is ready.

9. Checkout

Checkout lets customers review payment, cost, and delivery details before placing an order. The summary shows catalog subtotal, delivery charge, service charge, and estimated total.
